C. W. INGLEDUE BUYS BUSINESS BLOCK FOR $40,000

Southwest Corner of Broadway and Glendale Is Purchased; Will Remodel

MARKING one of the largest and most important transactions of the year in the eastern section of the city, the announcement is made of the sale of the property on the southwest corner of Broadway and Glendale avenue to C. W. Ingledue, well known Glendale business men, for approximately $40,000.

The property, which has been owned by Anthony Ambrosini for the past three years, has 125 feet frontage on Broadway from the alley opposite the termination of Howard street to Glendale avenue. The second floor of the building is divided into a number of flats.

Mr. Ingledue, who is a strong booster for the eastern part of Glendale, states that his investment is but the beginning of a number of deals that are to be closed in the near future in Glendale's "original business center," and he is already making plans for several improvements on his newly acquired property that, it is claimed, will mark the beginning of a new era in the eastern business district.

His plans include the entire remodeling of the first floor of the building from 630 to 638 East Broadway, which will take in all of the floor space from the present location of the Glendale Market to the Glendale Pharmacy, and will have practically 100 feet frontage on Broadway.

Large Open Front Market

The entire space will be made into a large modern open front market, and will include a grocery, meat market, fruit stand, bakery, confectionery and drug store, all of which will be in the same room, with the exception of the drug store, which is to be separated from the others by glass partitions. These alterations will be made within the next six months, according to Mr. Ingledue.

The building which has just been purchased by Mr. Ingledue was one of the first business blocks to be erected in Glendale, it having been built in 1906 by the late W. G. Watson, father of the former city manager, T. W. Watson.

Mr. Watson was the owner of the building until 1918, when he sold it to Mr. Ambrosini.

Present Occupants

It is now occupied by the Glendale Pharmacy, Shaver's Grocery, the Broadway Shoe Shop, the Glendale Market, Oliver's Barber Shop, watson's Seed Store, Barlow's Furniture Company and Mercer's Real Estate Company.

Mr. Ingledue, who has been the proprietor of the Glendale Market for the past nine years, states that proof of his faith in Glendale's future prosperity lies in the fact that "all that I own is in Glendale."

Besides being the owner of the business block he owns the Glenwood apartments at 120 North Isabel street, the Vertmont apartments at 130 North Maryland avenue and the large apartment and flat building on the corner of Jackson street and Wilson avenue.

CAMPBELLS RETURN HOME

Mr. and Mrs. Dan Campbell of North Highland avenue and family returned Tuesday from a two weeks' vacation. While at the island their son, Daniel Campbell, Jr., who has been as far east as New York City, and their daughter, Kathleen Campbell, who had been visiting in San Francisco, joined their parents and brother Arthur at the "magic" isle. Dan Campbell, Jr., returned to California by way of the Canadian Pacific and stopped at Lake Louise, Chicago, Niagara Falls and many other points of interest.

HOME FROM BEAR VALLEY

Dr. H. C. Smith of 921 East Wilson avenue returned Tuesday from Big Bear, where he had been building a cabin. He was accompanied by his father, Jasper Smith, and A. F. Pease of this city. At San Bernardino he met Ed McClelland, a former school chum of his, who also accompanied him on the trip. Dr. Smith states that it rained a little almost every day he was at Big Bear, and that they also had a little hail.

RETURN FROM ELSINORE

Mr. and Mrs. B. V. Brasher of 17 Melrose avenue just returned from a week's trip to Lake Elsinore. They spent an enjoyable week at the [illegible]re.

EDITORIAL

TODAY The Glendale Evening News enters its ninth year as a daily publication. In noting this anniversary, it gives the publisher pleasure to look upon accomplishments of the past eight years as prophetic of what the future holds forth.

March, 1913, saw the purchase by the present owner of The Glendale News, a weekly of four and sometimes six pages. As soon as machinery could be obtained and a modern printing and publishing plant outfitted, the paper grew to twelve pages with a greatly increased circulation in six months' time.

September 1 of that year saw the establishment of The Glendale Evening News, an outgrowth of the weekly. It would be disinteresting to the public to recite the trials and tribulations, the days and nights of toil, the investment of a small fortune—all in giving Glendale one good daily newspaper.

Suffice it to say that those people, who were residents of this city during the recent world war, appreciate all of the efforts and sacrifices made in maintaining that one last spark of civic pride—a daily newspaper. There are firms here to whom credit must go for their giving in advertising until it hurt. But they, like The Glendale Evening News, have prospered.

One year ago last June, when conditions brightened, the publisher was able to move his plant into the modernly equipped building which it now occupies, yet even then machinery could not be obtained. And less than one year ago was the last big unit—a perfecting press—installed.

From that day, The Glendale Evening News has appeared on the streets early every afternoon with the latest world and local news—with especial emphasis on the latter, for first and last this is a "home town paper." The circulation has nearly doubled in the twelve months' time; the volume of business shows a proportionate increase; and likewise the expenses.

Most impressive, however, of all is the fact that The Glendale Evening News today charges the same advertising rate that it did when a weekly, 'way back in 1913. Absolute fairness to every merchant, large or small, one rate to all, has made it possible for more than one commercial enterprise to use liberal advertising space and by so doing advance, prosper and become a factor in the business life of the community.

It is the publisher's purpose to serve others, without fear or favor, and to progress with Glendale—the fastest growing residential city in America.

Mrs. E. M. Schuyler of 330 Ivy street has as her house guest this week, Mrs. A. R. Rogers of Santa Monica.

PLANT OF $75,000, 50 SKILLED MEN, LOCATES HERE

Superior Machine Company to Build Factory; R. L. Kent Company Is Contractor

ANNOUNCEMENT is made today of a $75,000 industry locating in Glendale which will employ fifty skilled mechanics. A permit was issued late yesterday to the Superior Machine Company for the construction of a $20,000 factory building at 623-643 West Colorado boulevard. The R. L. Kent company is the contractor.

Alexander Graydon and Charles B. Morton, the principals of the new concern, are not announcing at this time what they will manufacture, but suffice it to say they represent a going corporation engaged in the manufacture of a household necessity of proven merit.

The building which is to be erected at once will be 90x20 feet in dimension and will contain equipment worth $50,000.

The Chamber of Commerce was the active factor in bringing this concern to Glendale, but Secretary James M. Rhoades states that an announcement of the business must come from Messrs. Graydon and Morton.

W. B. Kelly Gets Goat of Sopoba Hot Springs

The following letter has been received by W. L. Van Arsdol of the firm of Kelly & Van Arsdol, from his business partner, W. B. Kelly, who is vacationing at Sopoba Hot Springs, near San Jacinto:

"There were rumors and rumors and rumors of a band of wild mountain goats that had been seen in the high mountains back of Sopoba Hot Springs. This was one of the usual topics of conversation that the late arrivals of this famous resort were regaled with and always there were the usual scoffers from Missouri who doubted the stories, as no one had yet brought in any proof."

The Kellys, who have been a week or more at the springs, heard the story, and Mr. Kelly decided he would at least get a glimpse of them. So early Saturday morning he and E. H. Straszacker, also of Glendale, and a guest at the Springs, climbed back of the Springs and have become the heroes of the locality, as they brought down to the hotel at 10 o'clock that morning a 120-pound ram.

"Three shots, Mr. Kelly stated, were necessary to bring him down, and great difficulty was encountered in getting him, as he fell in a ravine 200 feet deep with scarce a toe hold on either side.

"There is now no 'Show-Me Association' at the Sopoba Hot Springs on the goat question."

Mr. and Mrs. H. Adams Back From Trip East

Mr. and Mrs. H. V. Adams have just returned to Glendale after a three months' trip through the east. They have moved into their home at 436 West California avenue. Mr. Adams is a Chautauqua and Lyceum lecturer.

While in the east they made visits in Iowa, South Dakota, Minnesota and Wisconsin, passing through intervening states, and this is the only spot in the United States that they were able to discover, where business is good. Mr. Adams stated: "Talk about California having unusual weather! California is not in it when it comes to having an unusual summer. This summer in the east was the hottest for fifty years."

He states that they had a very pleasant trip but that Chautauqua attendances were greatly decreased on account of the shortage of money, but most business men with whom he talked believe that we have turned the corner and that conditions in the east will be improved. He stated: "We are mighty glad to be back in southern California and I have left the winter season open so that we may spend a whole winter in blessed California. I can laugh ever and anon at the winter freaks back east through the winter. We are at home now and will be glad to see our many friends."

LEAVE FOR PORTLAND

Mr. and Mrs. Stewart and son, Herbert, of Portland, Oregon, who had been house guests at the home of Mr. and Mrs. D. E. Reed of 331 West Myrtle street for the past week, left Monday for their home in the northern city.

Glendale Breaks Its Own World's Building Record; New Marks Being Set In Construction and Population

TELL THE WORLD! Glendale has smashed its own magnificent building record!

It has outdone itself during the last month in the matter of new homes and increased population..

It has gone straight ahead of all cities three times the size on the Pacific coast.

It has flashed the news to the big press association of the country and the world will know that Glendale is the fastest growing city in America today.

Superintendent of building, Frank A. Marek, announces that the permits for August total $576,545.

J. F. McIntyre, commercial agent of the public service department, states that 141 electric and 124 water meters were installed during last month.

The building total for the year 1921 now stands at $2,895,469, an unprecedented figure.

Electric light and power meters total 6,381 in Glendale and there are 5577 water meters now. Taking the latter as a basis of computation and figuring four people are accommodated by each meter, there are now more than 22,000 people in this community.

In other columns will be found a complete list of building permits, the announcement of a new factory bringing fifty employes here and other information which abounds with optimism and faith for the future.

The Chamber of Commerce this morning dispatched messages to the United Press and Associated Press giving those news organizations the amazing information about Glendale's growth.

BELFAST QUIET TODAY; SECTARIAN WAR OVER, BELIEF

BELFAST, Sept. 1.—At noon today Belfast was quiet. The fierce sectarian warfare that flared up Tuesday, despite the truce, had apparently died away, leaving the city to face a death roll of sixteen, with more than 100 in hospitals, and a bill for damages amounting to many thousands of pounds. Armed patrols kept order in the main streets and the city was still under military control.

OILS GIVE LIFE TO NEW YORK EXCHANGE TRADING

NEW YORK, Sept. 1.—The oils gave the pep to the stock market in early trading today. Mexican Petroleum was carried to a new high on this move, at 102½. Straightening of the Mexican tax situation was regarded as favorable news. Tobaccos were firm and shortly after the opening tobacco products made a new high for the year at 62. Steel common was up ¼, at 74½, but independent steels were fractionally lower. United Drug sold down to 47¼, off ¾ net, following a drop of 3 points Wednesday. There was a renewal of pressure on General Electric.

Mrs. Pearl G. Curran of 560 Riverdale Drive, accompanied by her daughter, Gloria, and her mother, Mrs. J. Linkogel, and two sisters, Mrs. E. E. Goffrau from Galveston, Texas, and Miss Hazel Linkogel, motored to San Francisco in her Nash. While there they were the guests of Mrs. Curran's sister. Mrs. Goffrau owns property in Glendale and expects to build here some time this fall. She has been in Glendale about three weeks, but will remain in San Francisco for a short visit after which she will return with her mother, who also remained for a visit. The other members of the party returned to Glendale Tuesday evening after a pleasant trip. Mrs. Curran reports that it is much cooler in San Francisco, in fact, too cool.

REV. AND MRS. CRIST BACK

Rev. and Mrs. C. M. Crist and son, Kenneth, returned last night from a month's vacation at their cabin on Rim Ridge, Pine Crest. Rev. Crist will be in his pulpit at the First Methodist church Sunday morning and evening. Kenneth is making arrangements to attend the University of Southern California which opens September 12.

METHODIST CLASS SOCIAL

The "Just Us Girls" class of the First Methodist church Sunday school held a most enjoyable "kid" party recently at the home of Lillian and Florence Hamilton, 350 Ivy street. A bountiful cafeteria dinner was served at 6:30 o'clock, after which the evening was spent in games, music and a general good time. Those present included Mrs. C. D. Lusby, teacher of the class; C. LOCAL ELKS WILL INVADE BIG EXPOSITION TENT TONIGHT AND STAGE PLENTY OF EXCITEMENT

Unusual Attractive Display Will Be Presented By Models; Large Number Of Out Of Town People Being Attracted; Many Gifts For Tonight

"HELLO, BILL!" IT'S YOUR NIGHT at the exposition this evening. And every member of Glendale Lodge, No. 1289, Benevolent and Protective Order of Elks, with their wives, families or sweethearts is expected. Really, there is something worth seeing, too, for Milady's Boudoir, a beautiful stage setting with the retiring models will open the eyes of the Tired Business Men.

Although yesterday was a big day—more than 4200 attending the Greater Glendale Exposition—it is expected that the pie eating contest this afternoon and the Elks' night will bring record throngs.

In fact, the crowds each night grow larger as the public gets the "exposition fever." Merchants are more than satisfied with the pulling power of the entertainment for it is good. And the inspiring "trade at home" talks by Director General H. Elmo LaBreque "go across" great. He is actually "selling" Glendale to its own residents.

"Buy in Glendale if it is just as good or better and doesn't cost any more" was the theme of his appeal last night. He stated that in his experience with more than 100 similar expositions, he had never seen better displays than right here and he urged those present to have everyone in Glendale get acquainted with what this city has to offer.

Hundreds of out-of-town visitors yesterday came and were convinced that Glendale has a great future as a trade center. However, the thought uppermost in the minds of many is the fact that the exposition proves California to be the only state in the union which has not suffered from retrenchment since the war's end.

As usual a score or more of prizes were given away yesterday and more are in store for those who attend each afternoon and night the balance of the week.

Fred Jamison again was the star of the evening with a character song and the mannikins were introduced by Director LaBreque in new fashions which are described in full in other columns.

Exposition Sidelights

You don't get in on the prizes when you get in on a pass. We know.

PIE EATING CONTEST THIS AFTERNOON. OH, BOY!

Did you get one of Aunt Lucy's clothes lifts? "They keep your fingers out of the water and out of the wringer." Ask about them at the F. A. Clarke Electric Co. booth—first and last in the big tent.

PEOPLE GOT AN EYE FULL OF PULCHRITUDE LAST NIGHT, WE'D SAY.

Tujunga, Van Nuys, Venice, Owensmouth, Ventura, Eagle Rock, Pasadena and Los Angeles were represented in the exposition crowd yesterday.

Somebody else got twenty quarts of milk free last night. It took a pretty good cow to give that, says Smith MacMullin of the Glendale Creamery company.

Two singers from the Remick Song Shop in Los Angeles and the Brunswick Shop jazzomaniacs will entertain at the Glendale Phonograph company booth tonight.

DEMONSTRATES LATEST STYLES IN CLOTHES MAY BE PURCHASED HERE

Fashion Show Proves Conclusively Women Of Glendale Have Ne wYork Opportunities

WHEN MISS CLASSIE MARLOWE stepped out on the runway Wednesday night she gave a very lovely demonstration of the fact that the smartest and best of the New York styles can be purchased in Glendale. The dinner gown she wore was one of Hatz' exclusive evening models, a beautiful creation of black lace over black satin with panniers of orchid satin, the sort of dress that can be worn by a youthful figure or by a matron with equal grace and charm. The hat used to make the costume perfect was an adaptation of a French model, showing the new and exquisite fabric known as "Claire-de-lune" that was originated in a Fifth Avenue shop and named to honor Ethel Barrymore.

The "Claire-de-lune" reminds one of moonlight in its delicate silver texture, and the particular model worn was elaborately decorated with metalized wheat, French flowers, and covered with a black Chantilly lace. Mrs. Gilbert, who is showing the hat at her Brand boulevard shop, considers it one of the most beautiful creationsshe has handled in many seasons.

Two other evening models were displayed. Miss Dolan wore a very youthful frock of orchid taffeta with silver lace yoke and sleeves brightened with a touch of American beauty. Miss Ingle displayed another lovely gown fashioned of peach colored satin draped over accordion pleated chiffon and gold lace used to finish the bodice and shoulder drapes.

A number of new coats and dresses arrived at Hatz' shop this week and Wednesday night the garments worn at the revue were chosen from the new shipment to give the public a better idea of the variety of styles available.

The new coats are all comfortable, loose-backed garments, with rich silk linings and tuxedo fronts, or rich fur collars. A brown Normandie model is richly embroidered with brown silk and the panel back finished with deep fringe. Other Normandie coats are finished with clipped beaver collars and one velour model is elaborately embroidered in large motifs with chenille and wide collar and cuffs of opossum.

Show Brighter Shades

Some of the coats, however, show brighter shades and one of the prettiest ones was of French blue with astrakin panels and cuffs. Another bright blue Normandie was finished with silver braid and worn with a close-fitting turban of blue and tan hackle breasts.

Among the furs featured at the revue were clever little black fox chokers, and more elaborate capes of squirrel and coney fur. A long coney stole is one of the most useful fur garments for every occasion and is as soft and lustrous as the finer furs, but practical in price and durability. The gray squirrel cape worn by Miss Marlowe at the close of the revue was trimmed with brown squirrel tails. Squirrel tails were used to finish the coney cape also and fashion experts say that the capes are to be the smartest fur garments on the market this season.

Enthusiasm and Interest

A street dress showing a combination of navy blue tricotine and Mohawk velure, elaborately trimmed with jet beads, was worn with a russet duvetyn picture hat, embroidered in navy blue, with a navy blue taffeta lining. Another hat of unusual charm was a matron's model of black Lyons velvet with old blue and gold brocade edging with an ostrich fancy. This hat, with its slight flare would give youth and distinction to any face.

The success of the fashion revue as a part of the exposition has been proven by the enthusiasm and interest in the garments and the general attitude of approval shown by the thousands of people who make up the audience. Glendale shops are already beginning to reap the benefit of this opportunity of showing their stock as it should be shown. It is little satisfaction to the average woman to watch a parade of garments so costly they can never have any association with her own ward-

NOBODY KNOWS

Like the person living here, the present and probably future value of Brand Blvd. property.
I have just received a letter from the owner in his "mountain fastness" consenting to sell his wonderful corner, 100x160 to alley, on N. Brand, right where things are "POPPIN" at a price that whoever picks it up will make a nice piece of money by holding and improving.
This is just a gentle tip to those looking to get in "right" on Brand.

Irish Republican Army Is Prepared for New Warfare

By CHARLES McCANN
United Press Staff Correspondent

DUBLIN—No matter what happens in Ireland as the result of the present peace negotiations, the Irish Republican Army will be prepared for it.

Soldiers of the army are convinced that the I. R. A. has beaten the Crown forces in Ireland. Peace negotiations were instituted by the British government after over a year of desperate guerrilla warfare. The Irish leaders see in that fact victory in their fight for Irish independence.

From various Republican army leaders in Dublin, the United Press has gained information, much of it confidential, which shows that the army will be prepared to resume the fight immediately if peace efforts fail.

The various units of the army are just as well co-ordinated today as they were before the truce started. Though all of the men are on leave except a few engaged with officers in liaison work, they are not being permitted to forget the fact that so far there is only a truce, not a permanent peace, in Ireland. They do not want a resumption of war; but they will be perfectly prepared for it.

According to army leaders, the men would be ready to resume the fight on a day's notice. To question whether an army necessarily so loosely organized would not deteriorate during a truce; they reply that the men of the I. R. A. pay a membership contribution in order to belong to it; that they are as ready now to fight as they were a month or six months ago; that they are fighting a victorious fight for their own country on their own soil, and that they will not stop fighting until their cause is won or the I. R. A. is wiped out.

DEDICATE CHINESE CHURCH

EL CENTRO—Picturesque and fantastic were the ceremonies conducted at the dedication of the Chinese Church of Christ at Mexicali. Scores of residents of Imperial valley attended the services, as did throngs of Mexican citizens, making a motley and cosmopolitan gathering.

The ceremonies, though spoken in Chinese, were those observed by American protestant churches, including scriptural readings, prayers and hymns. The church is the climax of a remarkable missionary work among the Chinese in lower California, both in religious and educational matters. A school for Chinese young men and boys, recently established, already has an enrollment of 130 names.

The state, according to prosecutors, will charge alleged violation of the state banking laws and operation of a confidence game.

New Styles In Clothes for Children Displayed

A new model appeared at the fashion revue at the Glendale Merchants' Exposition Wednesday night in the person of little Yvonne Beryl Burchett, a dainty little miss of four summers, who stood in Sherrod's booth and displayed the new styles in kiddies' clothes. Pink and blue corduroy rompers with wool embroidery were the newest and most attractive things she wore. They combine warmth with style and are very practical garments for the little folks' winter wear as they are simply made and washable.

Models in white and colored cotton and linen were shown also, all with touches of embroidery, but essentially simple and dainty.

New styles in pink and white brocaded corsets were also on display and some very pretty and sensible lace and mesh brassiers. A number of dainty tucked net vests that add the finishing touch to the winter suit or street dress have been featured in Sherrod's displays, and cream net blouses for use under the popular jumper dresses, in a number of styles, are attracting the attention of Glendale's feminine population. These garments are not only as dainty as the most frivolous could desire, but are very practical in price and durability.

Sir Thomas Lipton Must Wait Awhile for Another Chance

By HENRY L. FARRELL
United Press Staff Correspondent

NEW YORK—It will be several years before Sir Thomas Lipton gets another chance for America's Cup—if he wants one.

Recent activities of the titled tea king in England indicate that he has not given up the ambition of his life to own the fastest yacht in the world, and that he may challenge the New York Yacht club for another race next summer.

In a period when money is not just the loosest thing on the market, a million-dollar yacht race is not the best thing to get back to normalcy, and for that reason the New York Yacht club probably will discourage any attempt for another race next year, according to opinion prevalent here.

The yacht club speaks officially and it cannot discuss a challenge until it has been received, but, nevertheless, prominent members of the club have expressed the individual opinion that the cup will be kept on the shelf for at least two more years.

Lipton is said to be considering plans now for another addition to the Shamrock family of challengers. When he failed in his million-dollar venture to beat Resolute last summer and win the cup, it was thought that he would be through. But he is persistent.

Two of his Shamrocks are now high and dry at Jacob's shipyard, City Island. They will remain there, however, it is believed, and a new Shamrock will be built and sailed over to compete in the next race.

For the same reason that an America Cup race is not probable in 1922, it is logical to believe that King Albert's Cup race across the Atlantic will not be on the 1922 program.

Attempts to stage the race this summer from Sandy Hook to Ostend, received a polite and courteous frown from American yachtsmen, who took the stand that the race would cost too much money and the investment of such big sums in a pure sporting event would not tend to bring the country back to its feet.

Many a man ultimately succeeds because he has the ability to look prosperous and happy when he is neither.

Mr. and Mrs. Kepler Back From Extended Trip by Automobile

Mr and Mrs. E. O. Kepler and son Leslie of 200 West Garfield returned last night from an extended trip through California and the north. They left Glendale about two months ago, and with their machine equipped for camping started for Yellowstone National park via the Arrowhead trail. They camped there about a week and then drove to Glacier National park. From there they went to Waterton Lake park in Canada, where they spent another week. Some time was spent in Vancouver and on their return trip they visited at Seattle, Portland and the Redwood Forest at Big Basin City.

They report that they found very convenient and well-equipped camping grounds all along the way. Some even furnished shower baths and stoves of every kind. Most of the camps were filled to their capacity with people touring the west as they were. They found people from all over the United States and especially from New York and Connecticut. It seemed that regardless of where the people were from they were all interested in California and wanted to know about business conditions here. In Oregon some people asked if there were any people left here to work as three-to-one of the machines were from California. They encountered all sorts of roads, some excellent and some very bad ones. But for California, of course, they were all good, they state.

robe. A show of priceless French models only breeds discontent and envy in the hearts of women of taste, but moderate means. This revue of popular priced garments has been a real treat and a material aid in choosing the winter wardrobe—at least that is the general opinion voiced by well-dressed women of Glendale.

ENOS W. NICHOLS VISITOR

Enos W. Nichols, who formerly lived in this city for over ten years, arrived in Glendale Wednesday after an absence of four years and is visiting at the home of his brother, A. H. Nichols of 910 East Elk avenue. Mr. Nichols is now a resident of Seattle, Washington, where he is associated with his brother in the real estate business. He has been spending the past four weeks in an extensive tour of the eastern states, visiting friends and relatives in several states, most of his time, however, being spent at his old home in Grand Rapids, Mich. Mr. Nichols is planning to return to his home the first part of next week.

TWO BIRTHDAYS OBSERVED

Dr. A. M. Duncan entertained this noon at 1 o'clock dinner in honor of his sister, Mrs. H. W. Myers of 1203 South Central avenue, who is celebrating her 84th birthday, and his brother, H. W. Duncan of Los Angeles, whose birthday was August 29. Table decorations were dahlias and fern. Mrs. Myers' birthday cake was beautifully decorated in pink candles and Mr. Duncan's in yellow.

Covers were laid for Mr. and Mrs. H. W. Myers, Mr. and Mrs. H. W. Duncan of Los Angeles, Miss Ida Myers, Mrs. John C. Cate, Miss Harriet Myers, Miss Carol Duncan and Dr. A. M. Duncan.

BANK CASHIER IS COUNTING PENNIES AT EXPOSITION

R. F. Kitterman Has Glorious Time Feeding 'Em Into Automatic Machine

Can you imagine R. F. Kitterman, the genial cashier of the First National bank and treasurer of the Glendale Chamber of Commerce, "counting his pennies?" And especially at the Greater Glendale Merchants' Exposition, where so much is given the public for 11 cents! And the whole affair being under the auspices of the Chamber of Commerce—it did seem strange!

But that is exactly what he was doing last night in the First National's booth as you enter the big tent. He had about a thousand 1-cent pieces in a machine with a hopper on it which automatically counts coin. When the machine literally ate up the pennies faster than he could fill the hopper, the public contributed, with the result today that the bank either will be off its balance or Mr. Kitterman will be ahead a few cents.

An Underwood book-keeping machine also was being demonstrated and its wonderful work was the cause for much comment on the part of visiting business men. Check cancelers, etc., also were in operation, giving people a small idea of the complexity of banking.

Another Bungalow Installed

Another modern bungalow has been installed in the exposition. It is by Bentley-Schoeneman's architectural service department and what this lumber firm left undone in making it the most attractive miniature cannot be discovered. While the little house could be described in detail, better see it and be satisfied that it will pay you to build a home. Remember what City Manager W. H. Reeves said, "First, buy a home, then buy at home."

Glendale Getting Publicity

Glendale is getting publicity in the Los Angeles Evening Herald, you bet. Last Saturday the managing editor personally put Glendale and its exposition on the front page. Yesterday Wynn Barden and Reed Heustis, the latter a resident of this city, put the ol' town there again with about four columns of funnies and an inimitable yarn about the great show.

But Barden doesn't likely know of the fight he started. James M. Rhoades, secretary of the Chamber of Commerce, twitted Director-General H. Elmo La Breque about his long neck in the pictured publicity. From his perch on the runway, the Colonel (that's what the boys call Mr. LaBreque) said something like this to the honorable secretary—all in the presence of the latter's wife:

"Yuh can kid me about the Adams apple, but look at your beak."

There were no further comments.

Many Calling for Copies

There were many comments yesterday about the fall fashion number published by The Glendale Evening News in behalf of the local merchants. Approbation of this newspaper's efforts in presenting something superior to anything ever seen in a city of this size was unanimous and today many people are calling for copies which will be mailed to friends in the east. It will give them a representative glimpse of commercial activity in this city.

Do You Want Spotlight

Psenner-Doll, auto electricians of 610 East Broadway, have a spotlight to put on someone's car Saturday night. But between now and then they are using it at the exposition to illuminate the soloists on the runway when the other lights are out. It is a prize worth watching and it surely will be appreciated.

Made Happy by Iron

Speaking of appreciation, the woman who was given the Hotpoint electric iron by the F. A. Clarke Electric company last night informed the salesmanager in charge that never before in her life had she been the recipient of anything so nice. "I am so glad I came," she said, "and I certainly am going to call at your store at 310 East Broadway and get acquainted."

Club Is Given Space

Through the courtesy of Secretary Rhoades of the Chamber of Commerce and Elmo LaBreque, manager of the Merchants' Exposition, the music section of the Tuesday Afternoon club has been given space at the Exposition to advertise the "Persian Garden," which is to be given by the California Opera company in the Verdugo Woodlands September 17 for the benefit of the Tuesday Afternoon clubhouse fund.

The Puegeot prize of 10,000 francs, offered to the first person to succeed in leaving the ground and flying ten metres with only human power, has been won by a noted French bicyclist who successfully flew in an airplane operated by foot. He repeatedly fulfilled the requirements for the award.

French Propose to Maintain Rhine Army

By EDWIN W. HULLINGER
United Press Staff Correspondent

PARIS—France has become resigned to the probability that she will have to fight her next war alone, without the aid of her allies of the recent Europeon war, a person close to the foreign office told the United Press.

The government is shaping its future program of defense from that premise. The principal feature of this program is a negative one, i. e., trying to prevent Germany from regaining sufficient strength to be able to endanger France.

France realizes that Germany may reasonably be expected to strike back when the first favorable opportunity offers. She also has the sense of reality to see that next time circumstances are hardly likely to be such that the United States, England and Italy will step to her side. A benevolent neutrality is about as much as can be counted upon.

And in the intimacy of their own circles, French diplomats admit that normally Germany is a stronger nation. Against her population of 60,000,000, France has barely 40,000,000. The French birth rate is dropping, while Germany's is rising. The Germans are better organizers and their industries give their country a practical foundation for war which France can probably never attain. The French temperament is inherently not adapted to gigantic industrial enterprise, as is the German. Their workmen will not put their noses to the grindstone like the Teutons, and the French know it.

Few really well-informed people in Europe expect France ever to quit the Rhine, at least until Germany throws her out. History shows that no nation, with the exception of the United States in her dealing with the smaller American countries, has ever relinquished an occupation voluntarily. And if ever a nation had an interest to hold on, France has in this instance.

MONTH OF AUGUST SETS RECORD FOR BUILDING; TOTAL PERMITS $576,545

Beats Mark Fixed Last Year By Over $55,000 And Makes Total So Far For 1921 Just $2,895,469

SURPASSING THE BEST PREVIOUS RECORD by more than $55,000 the August, 1921, building mark established what is believed to be a national record with $576,545, population considered. August of last year formerly held the record with $517,545, while September, 1920, ranks third with $486,767. The remarkable building strides that have been taken by this city during the past two years may be partially appreciated when it is known that prior to 1920 the best building month was that of August, 1919, with the comparatively small figure of $89,052. STRIKE VOTE BEING TAKEN

CHICAGO, Sept. 1.—Taking of the strike vote of railroad workers of the country was under way today. The Brotherhood of Railway Trainmen was the first of the "big four" union organizations to start its test of workers' sentiment on whether to accept wage cuts or walk out.

Ballots were sent out to the 150,000 members of the trainmen's union, simultaneously with the dispatch of union officials and representatives to various railroad centers of the country to see that every member votes. A complete vote is asked by the union heads. Five hundred thousand members of the Federated Shop Crafts have already voted to walk out if their demands are not met.

Scientific computation has established that 10,000 threads of the web of a full-grown spider are not larger than a single hair of a man's beard.

GREAT INTEREST IS BEING SHOWN IN QUEEN CONTEST

Much Rivalry Among Fifteen Candidates for Honors at Tujunga Moon Festival

The contest for queen of the Moon Festival is growing more intertseing every day. The fifteen young ladies in the contest are all popular and the contest promises to be a spirited one. Envelopes for the receipt of the pennies or dollars are ready and votes can be left with Mrs. Charles Forrester, in a tent by the dancing platform.

All Day Picnic

The Eagle Rock Chapter No. 313 Order of Eastern Star will hold its next meeting on Monday, September 5, at the summer home of Mrs. Maude Hess, 1259 Ocean Front avenue, Santa Monica. There will be an all-day picnic for all members and their families.

Colored Lights Attractive

Saturday evening the lights around the dance pavilion at Tujunga were turned on and the effect of the colored lights was much admired. From the campfire at the top of the hill they looked like a cluster of gems nestling in the hollow of the green Verdugos and when all the lights are turned on on the boulevard the display will be very gay.

Large Peaches Being Picked

Eagle Rock's candy maker, W. N. Shields, who resides only one-half block from the business center, is picking some of the largest and finest peaches seen for many a day. They are a rich yellow and juicy, and many of them measure nine inches around.

Name Changed to Tujunga

Through the efforts of the trustees of the Glorietta school the name of the district has been changed to Tujunga which is more appropriate and distinctive than Glorietta.

BILLY SUNDAY ASSERTS IT

PORTLAND, Ore., Sept. 1.—Not the children, but the parents are to blame when "flappers" run around the streets with their stockings rolled down, their forms adorned with peekaboo waists, and short skirts, and their hair all frizzled up. Such is the vigorous opinion entertained by the Rev. Billy Sunday and expounded at some length to 10,000 people here.

"Any man who can look at the short skirted, bare necked, frizzled headed, gum chewing, fudge eating modern flapper without having a moral blow out, should get a government pension," declared the Rev. Billy.

Here's a Bird of a Tale! It's About Polly and Her Past---Also Present

L. C. Denman, realtor, 1400 South Brand boulevard, declares the want-ad section of The Glendale Evening News is the best in the country, bar none. Here's his story:

Several days ago Mrs. T. J. Wand, who lives at the Denman home at 327 Madison Court, missed Polly, her pet parrot. After waiting for two days for Polly to return home, Mrs. Wand followed the suggestion of a friend by inserting an ad in the "Lost and Found" column of The Evening News, requesting the finder to telephone to Mr. Denman's office.

Now comes the best part of the story. According to Mr. Denman he was walking toward his office on Los Feliz Road at about 4 o'clock on the afternoon that the ad had been inserted when he suddenly stumbled over a small figure waddling toward Brand boulevard. It was Polly, with a copy of the day's Evening News tucked neatly under one of her wings, apparently hurrying to Mr. Denman's office to answer the ad in person. (Remember, this is Mr. Denman's story).

The only explanation that Mr. Denman could offer for the unusual episode was that either Polly was of almost human intelligence or that some humorously inclined individual had tucked the paper under the bird's wing and had headed her toward the real estate office.

'Dream Street,' Latest D. W. Griffith Picture, Palace Grand Feature

D. W. Griffith comes to us again with a new production which has been acclaimed a work of art and the most unusual story of symbolic love and romance. This new Griffith work is "Dream Street." It will be seen at the Palace Grand Theatre for three days beginning this afternoon.

"Dream Street" has been called a dramatic comedy. The characters were suggested by those of Thomas Burke in his Limehouse stories While they may be from "Gina of Chinatown" and "The Sign of the Lamp" still these characters are found in all the corners of the world where romance, love and beauty hold sway. They gaze through wistful windows out on their Street of Dreams and one cannot help loving them as they pass along life's highway amid their tragedies and comedies of existence.

There are three personages standing out like classic models of great art. They are Gypsy Fair, "Spike" McFadden and his brother "Billie." This trinity of youth evolve the tense and teeming story of "Dream Street."

An unusual program of organ music is promised by Henri Monnette.

VOTE TO STRIKE, IS CLAIM

CHICAGO, Sept. 1.—Members of three large union organizations of railroad workers are voting overwhelmingly in favor of a strike, rather than accepting a cut in wages, according to information gathered today by the United Press at large railroad centers. The vote of trainmen, the clerks and shop workers, being taken with other railroad labor organizations on the proposition of accepting a 12½ per cent cut in wages, or "leaving the service of the companies," strongly favors a walkout, if further negotiations with railroad managers are unsuccessful.

In some cities, such as Denver, the vote was reported 100 per cent against accepting the wage cut. Chicago, St. Paul and other mid-western cities reported a vote of approximately six to one among these organizations in favor of a strike. The result of the vote is being carefully guarded at union headquarters in Cleveland and no general information on how the whole country's railroad workers are balloting will be available for about two weeks, according to information here.

PLANS FOR C. OF C. RALLY OUTLINED BY OFFICIAL

Letter Is Being Sent Out to 'Hundred and More' Who Have Joined Recently

Plans for the great fall rally of the Chamber of Commerce are being rushed to completion rapidly by E. F. Sanders, assistant secretary, who announces that Miss Vivian Aston, widely known soloist who is a member of the faculty of Dramatic Art Studio of Glendale, will be a feature of the program.

The following letter is being sent by Mr. Sanders to the "Hundred More" new members of the Chamber:

"We have reached our goal!

"More than 100 new members have been accepted by the board of directors of the Chamber of Commerce for membership in this chamber. These members will be formerly introduced with appropriate ceremonies in the great exposition tent now located on the high school campus Tuesday evening, September 6, at 8 o'clock. Do not fail us at this time.

"Please assemble on the west side of Brand boulevard, across the street from the exposition tent, at 8 o'clock p. m. of the sixth.

"All new members are requested to sit on the stage that evening. The 500 old members will be present to be introduced to you at that time. We also expect 10,000 loyal Glendalians to be present to witness the formal introduction and reception of these new members.

"A full musical and speaking program has been arranged and it is the expectation of everyone to make this the crowning event in the history of the Glendale Chamber of Commerce.

"Please do not allow anything to interfere with your being present at this great event. It means much in the further development and building up of our wonderful city."

The eagerness of Glendale enthusiasts to join the Chamber of Commerce was displayed this morning by A. G. Smith, a building contractor, who came here recently from Phoenix, Ariz. He was waiting at the door of headquarters this morning when Mr. Sanders arrived.

World-Wide Attention

"My wife has been reading of your wonderful work in the newspapers," he said, "and I am convinced that there is but one thing for me to do—that is join the Chamber of Commerce, for it is a live organization.

"Glendale is attracting world-wide attention and I am going to do my share in its upbuilding," he concluded.

"You are the kind of a member we want," said Mr. Sanders, as he watched the signing of the application card. "This Chamber will have 1,000 members by the time our new headquarters building is dedicated on or about October 15."

ONE NIGHT STAND GONE

CHICAGO, Sept. 1.—The one night stand is dead. There will be hay in the opera houses on the kerosene circuit, from this fall's lodge convention till commencement time next spring. Marie and the other beauties of the road show, will keep their tights and their eyebrows in storage this winter. Usually by this time of year 125 shows, with miles of lingerie and packs of glass diamonds, would be dusting off the back drop for the thirteenth ravishingly successful season along the country's main streets.

This year only one show is on the road doing the one night stands. And that, with one or two others which will start out will keep to the big towns, James Wingfield, Chicago booking agent, told the United Press. Everything from movie competition to the high cost of hosiery and low selling price of corn is blamed. They can't afford the high rail rates. The weather is too hot. Times are too hard. The managers say they are afraid of union labor among the actors.

"Our artists are too temperamental," they complain. "Too many shows went on the rocks last year because the leading flapper joined up in the middle of a scene and suddenly decided she wouldn't let any scab actor kiss her in the third act. We can't risk it. The folks back west might as well get out the family checker board and prepare for a quiet winter. There'll be no more one nighters."

FINAL SETTLEMENT NEARS

WASHINGTON, Sept. 1.—A final settlement of disputes between the United States and Mexico appeared probable to state department officials today as the result of the Mexican supreme court's action in holding as non-retroactive that part of the Mexican constitution which American oil men claimed virtually confiscated their properties. This question was said to be the big obstacle in the path of recognition of the Obregon government and in the signing of a treaty of amity and commerce between the two nations.

Young ladies who desire red cheeks may obtain them much cheaper over the kitchen stove than at the rouge counter at the drug store.

GOT ONE IN YOUR HOME?

SAN FRANCISCO, Sept. 1.—"What's become of the old-fashioned bar with a mahogany top and a mirror behind it?" is the question moving picture producers are asking. They are finding them as extinct as the dodo bird, according to Adolph Cohen, "property man" from a Los Angeles studio. He came all the way to San Francisco to find one after he couldn't get any in southern California.

"I got a bar here after a hard search and, believe me, we'll guard it," he said today. "Those things are getting mighty valuable."

AGE IS SERIOUS QUESTION

CHICAGO, Sept. 1.—"How old is Ann?" is still the biggest question in the minds of some people, especially life insurance organizations. The chief problem facing insurance companies is how to induce women to tell their right ages, according to delegates attending the National fraternal conference here today. The conference hopes to find a solution. "With most of the women, it isn't a deliberate attempt to cheat," Miss Bina West said. "Mothers and girls simply have the habit of thinking their ages are less than they really are."

Spanish Homes at Verdugo Woodlands

Up in the cool, green Verdugo hills of GLENDALE

—the most rapidly growing city on the Pacific Coast, a beautiful home commanding an unobstructed view of picturesque Verdugo Woodlands, constructed by our Building Department from honest materials. Compare these values with anything in or near Los Angeles.

Verdugo Woodlands seems to include everything worth while in outdoor California.

All the beauties and charms of mountains, foothills, canyons and running streams; grand old trees are here in profusion. This wooded fairy land is rich in romance and historic value. This is the place of places, cherished by the old pioneer Verdugo family and the original Adobe Home is still being preserved.

This environment is imminently connected with the early history of Southern California and for many years it was the favorite woodland retreat of the Pueblo of Los Angeles.

While a fortune has been expended for improvements and many beautiful homes adorn the crests, knolls and hillsides, the original natural beauty has been kept intact.

There is nothing hard nor formal in the whole scheme. The entire place is just as nature wrought it and it will ever be so.

Other special features are 1100 ft. elevation; pure, clear, invigorating, foothill air; soft water from mountain streams; fogless, dustless, smokeless days; beautiful boulevards; excellent car service; 35 minutes from Los Angeles and 5 minutes from Glendale business section, schools, churches, theatres, etc.

Let us send you full information regarding this wonderful spot or see our booth at the Glendale Business Men's Exposition this week.

'DEAR KATIE' LEARNS SOMETHING ABOUT SHOW'S BOOTHS

Strivin' Reporter Strains at Task of Describing All of Numerous Features

GLENDALE, Sept. 1, 1921.

Dear Katie: For the last couple days I been so busy hustlin around to write artikles about this here Merchants' Exposition that I ain't had no time to read the papers to find out what it is all about, and it's dollars to dilusions that as a strivin reporter I was born with a pencil in my mouth instead of a silver spoon.

Well, yesterday, Katie, the boss says to me as how I better go over to the big show and write a artikle about them cute little booths and see whether any of the clerks had sold anything yet and why not. So, away I went, feelin' as spry as a bell hop and twice as handsome and when I got to the big tent I walked right past that there ticket taker, showin my independant nature, the same like a cop does at a peanut counter.

Well, Katie, he called me back and he called me several other things and he give me a look as cold as New Year's eve in Iceland and then all to once Mr. La Breque, which the same is the "King of the Big Business," come strollin along and he says to that there ticket taker as how I don't have to pay nothin and Katie the look of pure surprise on that there ticket taker's face was worth the price of a ticket in itself.

Gets Kick in Buttermilk

Well, right away, I started out by buyin a glass of buttermilk and a half a hour later I was fightin with a clerk over the price of a bath tub.

After that, Katie, I had a lot of nice interviews with some of the merchants and they all looked happy and smilin' and I guess the facts of the matter is that if them store keepers in Los Angeles expect to sell any more of their stuff to the people of Glendale, they will have to move their stores to the corner of Brand and Broadway to do it. Ain't it so?

Well, Katie, it would be about as easy for me to explain all of them booths to you as it would be for me to try to sell a player piano to Paderewski.

There was too many to mention. Mr. Rhoades, which the same is the guy that put the ALE in GlendALE, was sweatin like a striving reporter, pourin out Sierra Club pop for the thirsty natives.

In the electric shops there was everythin from flat irons to fair maidens.

The corset shop was two reels in the movies, entitled, "What's Your Husband Doing?"

Ware, Ware and Beware

Hardware, glassware, underwear and ready to wear was everywhere, and the patent coat hangers was much in demand.

In other booths there was punch, paints, potteries, prunes, petticoats, player pianos and plain vanilla. Then there was auto sections and sections of autos, self-commencers and self-finishers, Fords and life insurance.

In another place a few charmin maidens was demonstratin as how Sunset prunes could be used in more ways than a kit of burglar tools.

And the Verdugo Woodlands office had the earth for sale and I had a cup of coffee and a fried cake.

Well, Katie, I can't write no more for this time, cause I got to go over to the big show again today to see what's going on, or what's comin off, as the case may be.

Yours, Off and On,
E. C. HALE.

Exciting Story, Love, Adventure, Intrigue, on Glendale Screen Today

The same qualities that gave "Lasca," "The Fire-Cat" and "The Unknown Wife" their fiery appeal, the dramatic speed of a masterful story, the realism given to the characters and the charming screen personality of the star, Edith Roberts, are in "Luring Lips," a Universal production which opened at the Glendale Theatre yesterday.

Edith Roberts, surrounded by an excellent supporting cast gives one of the best performances of her career in this exciting story of love, adventure and intrigue. King Baggot, who directed the production, has staged the drama in his most capable manner. The suspense throughout the story is sustained to a high degree of absorbing interest. This is one story where the lady next to you can't predict what will happen in the last reel.

And Harold Lloyd keeps the crowds laughing in a famous one-reel comedy, "Move On." Brownie, the wonder dog, in "Alfalfa Love," adds to humor while the latest Pathe News and Screen Snaps complete the bill. Tonight is your last opportunity to see it.

MILDRED I. KINGMAN AND ARCHIE BUSH ARE MARRIED

Ceremony Performed In Home of Bride at Orange; to Reside In Glendale

The home of Mr. and Mrs. Charles P. Kingman of Orange was the scene of a simple wedding ceremony Tuesday night, August 30. 1921, when their daughter, Mildred Isabelle Kingman. was united in marriage to Archie James Bush of 304 North Kenwood street. Glendale. formerly owner of the Bush grocery on North Brand Boulevard.

This announcement will come as a surprise to their many friends and relatives who had expected a large home wedding. The young couple had been engaged since last fall, but had not set any definite time for the wedding.

Mrs. Bush is a native of California and graduate of San Diego high school. While attending the College of Oratory, University of Southern California. in Los Angeles. she met Mr. Bush.

Mr. Bush is a native of Ohio, and resided at Huntington, West Virginia, until the outbreak of the world war. when he enlisted in the air service. He was discharged in Los Angeles, where later he was employed in the government service as chief clerk and office manager of the aviation supply and repair depot. It was at this time that he met Miss Kingman, when she was attending the university. Later, Mr. Bush was transferred to Rockwell field, San Diego, and in January, 1921, entered the grocery business with his father in Glendale.

Mr. and Mrs. Charles P. Kingman will hold a reception September 10 at their home in Orange for the young couple, who are now on a honeymoon trip to Catalina Island, when the intimate friends and relatives of the young couple will extend their best wishes for their happiness.

OLD FOLKS TO HAVE PICNIC

There is a great treat in store for the old folk of southern California when they hold their picnic reunion, Saturday, September 3, in Sycamore Grove park, Los Angeles. Rev. "Bob" Shuler, humorous orator, will talk to them and there are half a dozen new plans for the pleasure of the people from 70 to 100 and up. An urgent appeal is made that those who have autos will take old people in their section to the picnic. In that way hundreds can go who cannot go by electric cars. The picnickers will bring dinner but hot coffee will be supplied. A beautiful souvenir badge will be given each one over 90 years old. This will be the tenth annual and is expected to be the largest ever.

GOVERNMENT OPERATION?

WASHINGTON, Sept. 1.—Government operation of the nation's railroads is the aim of 2,000,000 organized railroad workers, Secretary Davison of the International Association of Machinists frankly declared here in an analysis of the railroad situation made for the United Press. The transportation law gives the government authority to take over the railroads in case of a strike or other emergency, according to Davison.

"All railroad workers of the country now are taking a strike vote," he said. "The private managers of the roads, on their side, are trying to force a strike with the hope of making the government guarantee its securities. Its going to be a fight to the finish. The union men want the roads under government operation to end economic depression and unemployment. It might as well come now as later."

MAKES PLEA TO WORKERS

LONDON, Sept. 1.—An appeal to the workers of the world to prevent the despatch of allied troops to Silesia has been broadcasted by the Third Internationale, according to a dispatch from Helsingfors. The proclamation declares that troops and munitions are being sent to Silesia in order that France may attack the Russian soviet government in the midst of the famine. It asserts that Rumania and Poland are France's accomplices in the plot.

Looks Like Cinch for Pirates to Cop Flag

By HENRY L. FARRELL
United Press Staff Correspondent

NEW YORK, Sept. 1.—Unless the Giants lose some of their digestory troubles, the Pirates have little to fear.

So far this season the New Yorkers have been swallowing fish without strangling on a bone, only to choke on ice-cream.

The hardest opponents in the league have been easy for them and they have been easy for the little fellows.

Down the last hard stretch the Giants will have a slight disadvantage, as they have to close the season on the road, while the Pirates make the final stand at home. The Giants have been anything but a good road team this season.

The Yankees, showing the same inconsistency as the Giants, trim the hide off the Indians in every series, but they go out and waste the good work by falling before the smaller fry.

Both races at this point are entirely a matter of consistency, and in this respect the Pirates and the Indians have everything in their favor. Both have better balanced clubs.

GOVERNOR ISSUES APPEAL

SACRAMENTO, Sept. 1.—Citizens and patriotic organizations of California are asked to co-operate to the fullest extent in the Veteran Welfare Board's campaign to file and prosecute the claims of every disabled former service man for compensation, etc., in a proclamation issued by Governor William D. Stephens.

The proclamation calls atention to the welfare board's "cleanup campaign" being carried out throughout California. It asks that person knowing deserving veterans make it a point to have those men at the meetings where they can be given the benefits of compensation, vocational education, etc., the board has made possible for them.

FRIENDLY VISIT; MADE ILL

MANITOWOC, Wis., Sept. 1.—Forty Manitowoc residents, including city officials and their families, were seriously ill following a dinner at Sheboygan, Wis. Hoping to encourage more friendly relations between the two towns Manitowoc officials went to the neighboring town for a picnic, dinner and baseball game.

On returning home every member of the Manitowoc party was taken ill, while none of the entertaining hosts of Sheybogan were affected. Doctors said it was ptomaine poisoning. To add to the friendly feeling, Sheboygan won the ball game. Manitowoc today sought some means to return the "favor."
